8. Thank you to the LJHS PTA for all the hard work they did for this past Saturday's AP conference, which was held right here on our campus. AP teachers from around the country and Mexico were here to be introduced to or to expand upon their knowledge of AP courses. Participants and presenters were very impressed with how smoothly things went from beginning to end, and we owe this all to the PTA, who took care of set up, meals, and emergency issues. Their great

work helped to leave a lasting, very positive image of LJHS with these dedicated educators. We cannot thank them enough for their support.
